
A beautiful day

A beautiful day when you called my name
I let you in and you came to stay
I was reaching out and you took my hand
And my life was changed for evermore

You are the rock on which I stand
You are the truth that sets me free
So day by day I walk the narrow way
Jesus only you could change my life

A beautiful day when I heard you say
I am the light of the world for you
The dam gave way and like a flood
Your living water bursting through

You are the rock on which I stand
You are the truth that sets me free
So day by day I walk the narrow way
Jesus only you could rescue me
So day by day I walk the narrow way
Jesus only you could rescue me
Only you could rescue me
