

Risen Lord

Verse

Risen Lord Good Friday You died
But Easter day You wre alive
Heaven's door is now opened wide,
He's alive

Chorus

O He's alive. O He's alive.

Bearing scorn and bearing the shame
There on the cross He took the blame
Crushing fear and our selfish pride
He's alive

O He's alive. O He's alive.

The earth was shaken, sky black as night
The dead were raised 'It's finished' the cry
Raised to life, leading captives on high
He's alive

O He's alive. O He's alive.

Risen Lord, all conquering Son
Death is defied, vict'ry is won
Praise the Father the Spirit and the Son
He's alive

O He's alive. O He's alive.
